PROFILE

I am a graphic designer with a sense of simplicity and accuracy, lover of analogue photography, daydreamer, and master in overthinking. I consider myself as an openminded and talkative person. I enjoy to do complex work and create things in a real, physical environment. I always seek to go deep and think about the project in a broader context.

EDUCATION

- 2018-2021** University of creative communication, specialization Graphic and Media Design
- 2017-2018** Miroslav Ondříček Film Academy, specialization Director of photography
